

OSCILLATOR, VCXO, TCXO REQUEST FORM

Specifications

Package Size	<input type="text"/>	mm
Frequency	<input type="text"/>	MHz
Operating Temp Range	<input type="text"/>	C
Output (TTL, HCMOS, Clipped Sine, PECL, LVDS)	<input type="text"/>	
Frequency Stability	<input type="text"/>	ppm
Supply Voltage	<input type="text"/>	V
Pullability/Voltage Control Range (VCXO)	<input type="text"/>	
Jitter or Phase Noise (optional)	<input type="text"/>	
Rise (tr) & Fall (tf) times (optional)	<input type="text"/>	nS max
Symmetry/Duty Cycle (optional)	<input type="text"/>	

Program Details

Application	<input type="text"/>
Estimated Annual Usage	<input type="text"/>
Production Start Date	<input type="text"/>
Production Location	<input type="text"/>
